

Do More 24 - One Day for Online Giving in Support of THC Families

THC Housing Families,
Transforming Lives

Dear Friends of THC,

We live in one of the most prosperous regions in the country. Unfortunately, not all of our neighbors in the national capital area have access to the same opportunities. **There are 1,014 homeless families in DC**, and the number keeps rising each year! Only 17% of adults in homeless families report being employed and the majority of their employment are part-time or seasonal.

We are a community, and together we can solve this problem.

Today, June 6th, thousands of area residents are going to show their support for their neighbors and their communities by participating in [Do More 24](#).

Powered by United Way of the National Capital Area, this innovative, 24-hour online fundraiser will raise funds for nonprofits such as Transitional Housing Corporation (THC) to provide the support we need to continue doing important work in our community.

For Do More 24 to succeed, we need you to help us with two things:

- 1) Donate to THC today and help homeless families in DC access the housing and supportive services they deserve! To donate online visit: <http://domore24.org/charities/transitional-housing-corporation/>
- 2) Spread the word! Forward this email to your family and friends with a personal note explaining why you believe in our work, and why they should give today.

I hope you are as excited as I am about creating new services and opportunities in the national capital area. Tell your friends and family why you think they should help us to Do More.

Sincerely,

Polly Donaldson
Executive Director
