OF UNITS: 129

SERVICES PROVIDED:

Affordable housing;
permanent supportive
housing and case
management

BACKGROUND

Entwine is a new construction development in the Takoma neighborhood of upper Northwest DC, and it is a 55+ community. Entwine is home to 129 units of affordable senior housing, including 24 senior permanent supportive housing units. Housing Up supports Entwine's permanent supportive housing clients with two on-site case managers. Case managers take a holistic approach to providing services, working with the clients to develop individual goals and measure progress. Our staff provides resources and guidance on physical and mental health, connection, and employment.

Entwine is steps from the Takoma Metro station and is an amenity-rich community in an amenity-rich greater area. There is onsite parking; community rooms; community programming; a gym with a yoga room; outdoor lower deck & rooftop space with seating, grills, & greenspace; and laundry facilities.
